**PUBLIC NOTICE**  
**Groundwater Discharge Permit Applications**  
**Submitted for Review**  
**January 17, 2020**

Dear Interested Party,

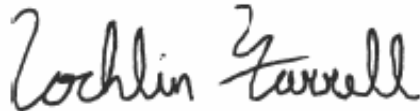

The New Mexico Environment Department (NMED) Ground Water Quality Bureau (GWQB) hereby provides notice pursuant to 20.6.2.3108 NMAC that the following Groundwater Discharge Permit applications have been submitted to NMED for review. Provided the applicant has met applicable requirements, NMED will propose for approval a Discharge Permit containing limitations, monitoring requirements, and other conditions intended to protect groundwater quality for present and potential future use.

NMED will develop a Public Involvement Plan (PIP) for each permitting action to plan for providing public participation opportunities and information that may be needed for the community to participate in a permitting process. PIPs will be posted on-line at <https://www.env.nm.gov/gwqb/public-involvement-plans/> and at the NMED field office nearest to the proposed permitted activity. NMED also maintains facility-specific mailing lists for persons wishing to receive associated notices for a permitting action. To learn more about a Discharge Permit and the permitting process or to be placed on a facility-specific mailing list contact the NMED Permit Contact at the telephone number or email address provided or address correspondence to the GWQB, PO Box 5469, Santa Fe, NM 87502-5469.

If you are a non-English speaker, do not speak English well, or if you have a disability, you may contact the NMED Permit Contact to request assistance, an interpreter, or an auxiliary aid in order to learn more about a Discharge Permit or the permitting process, or to participate in activities associated with the permitting process. Requested interpretation services and accommodations or services for persons with disabilities will be arranged to the extent possible. Telephone conversation assistance is available through Relay New Mexico at no charge for people who are deaf, hard of hearing, or have difficulty speaking on the phone, by calling 1-800-659-1779; TTY users: 1-800-659-8331; Spanish: 1-800-327-1857. Telephone interpretation assistance for persons that are a non-English speaker or do not speak English well is available at no charge when calling NMED.

NMED does not discriminate on the basis of race, color, national origin, disability, age or sex in the administration of its programs or activities, as required by applicable laws and regulations. NMED is responsible for coordination of compliance efforts and receipt of inquiries concerning non-discrimination requirements implemented by 40 C.F.R. Parts 5 and 7, including Title VI of the Civil Rights Act of 1964, as amended; Section 504 of the Rehabilitation Act of 1973; the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, and Section 13 of the Federal Water Pollution Control Act Amendments of 1972. If you have any questions about this notice or any of NMED's non-discrimination programs, policies or procedures, you may contact: Kristine Yurdin, Non-Discrimination Coordinator, New Mexico Environment Department, 1190 St. Francis Dr., Suite N4050, P.O. Box 5469, Santa Fe, NM 87502, (505) 827-2855, [nd.coordinator@state.nm.us](mailto:nd.coordinator@state.nm.us). If you believe that you have been discriminated against with respect to a NMED program or activity, you may contact the Non-Discrimination Coordinator identified above or visit our website at <https://www.env.nm.gov/non-employee-discrimination-complaint-page/> to learn how and where to file a complaint of discrimination.

Sincerely,

A handwritten signature in black ink that reads "Lochlin Farrell". The signature is written in a cursive, slightly slanted style.

 Groundwater Discharge Permit Applications Submitted for Review

<b>Discharge Permit</b> <b>1389</b>	<b>Facility</b> Atlas Pumping Company		<b>Applicant</b> Albert Fanelli, President Atlas Pumping Co Inc P.O. Box 10477 Albuquerque, NM 87184	<b>NMED Permit Contact</b> Avery Young Environmental Scientist <a href="mailto:Avery.Young@state.nm.us">Avery.Young@state.nm.us</a> Telephone: (505) 827-2909
	<b>Closest City</b> Albuquerque	<b>County</b> Bernalillo		

**Notice:** DP-1389, Atlas Pumping Company: Albert Fanelli proposes to renew and modify the Discharge Permit for the discharge of up to 8,700 gallons per day of sand trap waste, grease trap waste, and domestic septage to a separation system for disposal offsite. Potential contaminants from this type of discharge include nitrogen compounds, dissolved solids, organic compounds, and metals. The facility is located at 4160 Broadway Blvd SE, South Valley, Bernalillo County. Groundwater most likely to be affected is at a depth of approximately 250 feet and had a pre-discharge total dissolved solids concentration of 566 milligrams per liter.

<b>Discharge Permit</b> <b>1901</b>	<b>Facility</b> Canyon Auto Groundwater Remediation Site		<b>Applicant</b> Michael Leger Project Manager NMED PSTB Remedial Action Program 121 Tijeras Ave. NE, Suite 1000 Albuquerque, NM 87102	<b>NMED Permit Contact</b> Melanie Sandoval Geoscientist - Supervisor UIC and Industrial Team Leader <a href="mailto:Melanie.Sandoval2@state.nm.us">Melanie.Sandoval2@state.nm.us</a> Telephone: (505) 827-2936
	<b>Closest City</b> Tijeras	<b>County</b> Bernalillo		

**Notice:** DP-1901, Canyon Auto Groundwater Remediation Site: The New Mexico Environment Department Petroleum Storage Tank Bureau Remedial Action Program proposes to inject up to 11,075 pounds of oxygen release compound into groundwater for remediation purposes. Potential contaminants from this type of discharge include dissolved solids. The injection is proposed to occur at 843 NM 333, Tijeras, Bernalillo County. Groundwater to be remediated is at a depth of approximately 70 feet and has a total dissolved solids concentration of 872 milligrams per liter.

<b>Discharge Permit</b> <b>689</b>	<b>Facility</b> Orchard Park Dairy		<b>Applicant</b> Abel Villalpando c/o Carol Irvin Orchard Park Dairy 304 E. Ojibwa Road Dexter, NM 88230	<b>NMED Permit Contact</b> Marc Bonem Acting Agriculture Team Leader <a href="mailto:Marc.Bonem@state.nm.us">Marc.Bonem@state.nm.us</a> Telephone: (505) 827-2791
	<b>Closest City</b> Dexter	<b>County</b> Chaves		

**Notice:** DP-689: Orchard Park Dairy proposes to renew the Discharge Permit for the discharge of up to 90,000 gallons per day of wastewater from the production area of a dairy facility. Potential contaminants from this type of discharge include nitrogen compounds. The facility and discharge locations are located at 396 E. Orchard Park Rd., approximately 4 miles north of Dexter, in Section 25, T12S, R25E, Chaves County. Groundwater most likely to be affected is at a depth of approximately 62 feet and had a pre-discharge total dissolved solids concentration of 2,400 milligrams per liter.
